Details of Curriculum

The school currently follows the syllabus and curriculum as prescribed by Gujarat Secondary and Higher Secondary Education Board and CBSE Board.

We believe in children who score 100%. But we also believe that those who score 53% can also succeed in life. We believe that boys, who are quite in classrooms, may be noisy at home. We believe you when you tell us your child doesn't want to study, but also believe your child when he says that you do not give him time. We believe in parents who worry; also in teachers who prepare till midnight. We believe that you don't need to run to London, Sydney or Boston to get the best education. We believe that international education can be brought to a local village. It can be made very personal. Yes we believe in excellence in everything, but not that excellence alone is everything. We believe in going beyond. We believe in miracles. And we also believe that education can make them happen. We believe in dreams. And that education can make them come true. We believe that a boatman's boy can become the President of a nation. And that a nomadic tribal can become a professor at Cambridge. We believe in the grades which make you yet be traditional. We believe in the charisma of the computer. And also in the power of prayer. We believe that education is more than just books, buildings and curriculums. We believe in the world within, in moods, mannerisms, mind and the heart. But above all, we believe in the child. So, why don't you? For once, believe in us.
